

I totaly support XM Radio, Without XM I would have 3 Radio stations to choose from. XM gives me a choice of what I can listen to. I pay for it and love it don't take my XM away from me it is no differen't than Dish network or direct tv. I work driving a Haul truck in a Copper Mine and I work 12 hour shifts without XM Radio to help keep me awake on night shift 7pm to 7am I would probably fall asleep. Please let us keep our XM Radio.
